**E-mail:**

info@fluvannahistory.org

Founded in 1964, the Society is organized and operated exclusively for historical, educational and preservationist purposes; to collect and preserve manuscripts and materials pertaining to the history of the county; to preserve, protect and promote the historic, cultural, natural, architectural and archaeological heritage of Fluvanna County; to continue research, to present historical programs, exhibitions and other activities of historical interest to the county; and to publish at least one bulletin, *Fluvanna History*, each year relating to Fluvanna County history.

Members receive a free copy of our *Fluvanna History* bulletin as well as our newsletter, published two times a year. Members also receive free admission to the Old Stone Jail Museum.

We have an annual membership meeting with a special program and other events throughout the year. All meetings are announced in our newsletter and/or by invitation.

The Society is financially supported by membership dues, financial contributions, and special grants. We also have companies who will match gifts from their employees, both active and retired. Memorial gifts and gifts in honor of special occasions are also welcome. Each new and renewing member increases our ability to carry out our mission. Consider joining and supporting our mission *today!*

---
